29 January 1980

MEMORANDUM FOR: Executive Officer, DDS&T
Chief, PCS, DDO
Executive Officer, DDA

STAT FROM :
CIA Representative
DCID 1/2 Working Group

SUBJECT : Revision of DCIDs (U)

1. NFIB principals have been requested by the Acting Chairman, NFIB, to review the existing DCIDs and to forward their views on possible revisions to the Secretary, NFIB. We had believed that any consideration of revising the DCIDs had been resolved negatively during a meeting on 14 June 1979 chaired by the DCI. (U)

2. We now, however, have been asked to forward a CIA position on this subject and solicit your written views. To assist in your review, attached is a list prepared in May 1979 by Mr. Elder, Secretary, NFIB, indicating the DCIDs of primary interest to the various Community Deputies. (U)

3. We remain unconvinced of the wisdom of revising the DCIDs at this time given the apparent movement within Congress toward the enactment of charter legislation. We would, nevertheless, appreciate your comments in general and, if you deem it appropriate, in brief specific terms regarding individual DCIDs of interest to you by 8 February 1980. (U)
